Lost Property

Lost property is stored near the main entry doors, by the sign in/sign out desk. We try to keep the contents current and about once a month we email photos of Lost Property to parents to check. This is the first place to check for shoes, hats, hoodies etc.

To prevent a lost property box, Please name all your child's belongings, including shoes.

Birthdays

We are happy to celebrate the occasion of your child's birthday. Parents are welcome to send a birthday cake to share with the group.

Because choosing a childcare centre is such a huge decision for you and your child, we welcome any questions, suggestions or concerns you may have.

Feel free to visit or phone at any time we are open. (During the pandemic, we do ask to arrange a time to visit).

We're sure your child will enjoy their time at Kohi Learning Centre

Look forward to seeing you again soon

Emergency Procedures

In case of an emergency situation or the centre has to close for an unforeseen reason, the centre will send a text message to the emergency contact (this form will have been completed at part of your enrolment pack) advising the situation and what action is required .

Regular fire, earthquake and lock down drills are undertaken with the children as per the regulations. The staff are familiar with evacuation/lock down procedures and policies.

Each day a teacher is assigned as the Warden/PoR (person of responsibility).

Safety

Safety is paramount at the centre for all children and staff, to ensure they are secure.

Should a child have a fall/cut/scrap/bruised; an accident form will be completed if the injury is severe enough. This is at the discretion of the Person of Responsibility for that day and/or the Manger.

For any head knocks/facial marks a concussion check is completed by 2 teachers and parents are phoned, and accident form completed and copied to the family

Toileting

The centre is equipped with 2 child friendly toilets for the children to access at any time.

For our toilet trainers, we have a designated teachers assigned to ensure all children learning to self manage are taken to the toilet at very regular intervals through the day. Our teachers also work with our parents to support similar habits from home.

Please make sure your child has plenty changes of dry clothes should accidents occur.

Please discuss any special requirements with our teaching staff who are happy to help make this next step of independence a successful one for all.

About our programme

Kohi Learning Centre’s Philosophy is based on the belief that each child and family is unique. Respect for community, and the environment, as well as for each child, family and teacher is strongly valued and practiced.

We believe that children learn by following their interest areas– emergent curriculum-and we aim to provide opportunities and learning experiences to promote and enhance their knowledge.

Our centre is a family grouping, mixed age centre where all children join together in an environment that supports both individual and group education and care.

Our centre follows the Principles of Te Whariki—New Zealand Early Childhood Curriculum.

As we value life long learning, teachers are encouraged to continue their professional development to enhance their knowledge of early childhood education.

Absences — Sick/Holiday

It is always important to phone the centre as soon as possible to notify staff if your child will be absent for the day due to sickness or other.

With this notice given your child is eligible for 2 weeks per year of your child's normal booked week at 50% of your regular charge, after being enrolled for 6 months. Normal fees apply when your child is absent due to sickness or other absence without notice.

Ministry of Education regulations state that a child can only be absent from the centre for a maximum of 21 days at one given time and thereafter government funding ceases. (Outside of our regular closed down period over Christmas break).

Consultation with parents

Both management and teachers endeavour to acknowledge and respect the values, needs and aspirations of all parents and families. We do this by encouraging parents to spend time at our centre, where we can discuss their queries or concerns, either formally or informally, to enable them to become involved in decision-making concerning their child.

Parent communication on a daily basis is also vital as it keeps staff informed about changes in a child's routine.

We also invite parents to become involved in our curriculum but viewing and discussing their child's Memory Book, and taking it home to share with other family members.

Communication

We keep parents up to date with what is happening each day at Kohi Learning Centre through the parent notice boards, emails, and our weekly highlights are published on our private Facebook page.

Should you have a query or concern, do not hesitate to let us know. Please follow this communication process for such matters;

Discuss with your child/ren's teacher

If still not satisfied talk to the Centre Manager

Refer the matter to the licensee

Seek assistance from the Ministry of Education.

Educa—once your child is enrolled you will receive an email inviting you to join the Educa site. Here you will find your child's photos, stories written by our teachers, daily or weekly messages and any other important updates. You can invite other family members to have access also. They will only see your child's details.

Settling In

At Kohi Learning Centre, we understand that you may have mixed emotions and feelings when placing your child in care. These emotions are very common and we will endeavor to ensure both yourself and your child's needs are met through providing yourself and your child with extra support during this settling in process.

In our enrolment pack you have an All About Me form, to complete. This helps our staff to learn more about your child and background upon starting. Please inform us about the things that may help your child settle in; e.g. favourite books, songs, interests, special comforters.

We encourage parents to come in and spend time with their child while allowing the child to explore the environment and begin to form a relationship of trust with our caring teachers. This will also give the child the opportunity to familiarize themselves with the routine.

Parents are advised to start by leaving their child for an hour or so the first time, and slowly build it up to a whole session when the child is comfortable with the centre (particularly for younger children).

Please remember to always say "Goodbye" to your child, and ensure the staff members are aware that you are now leaving, as this may be when your child will require a little more support. You are more than welcome to phone or email the centre at any time to check on your child.

As communication between staff and parents is vital for the well-being of the children, please feel free to discuss any areas of concern.

Educa—ePortfolio

Each child has a profile on Educa where the learning stories, photos, samples of work can be viewed online. An invitation to join Educa will be provided when you enroll at the centre. You can invite other family members to view your child's work with their own user ID.

Educa is also used to share important communication with families via the noticeboard page.

What to bring

Your Child will need:

Nappies (if required) or underwear (if toilet training)

Two complete changes of clothes.

Sun protective hat

Shoes/socks/Gumboots

All items must be clearly named

Please Note: Do not bring any food into the centre in their bags. We can have children with anaphylactic reactions and unknown food in children's bags poses a high risk to those children.

If your child requires a particular brand of sunscreen, wipes, nappy creams, please provide (clearly names) and leave at the centre for your child's use.

Sleeping routines

Our 'sleep room' contains cots and miniature beds. The sleep room is situated away from the main area of play and has 2 viewing windows. Our sleeping policy states that when more than 3 children are asleep at one time, a teacher will be in the room at all times. When there are less than 3, the sleeping children will be checked every 10 minutes.

Individual children's needs are met by enabling them to sleep when they need to, but most younger children sleep between 12.30pm— 2.30pm. Parents are welcome to send along a favourite toy or blanket for this time.

Medication & Sickness

All medication for your child must be signed in daily in the medicine record book, and full details must be given to staff. Only medication currently prescribed by a practitioner is acceptable.

Children with severe colds, and coughs, diarrhea or vomiting will not be permitted to attend the centre until either a doctor's clearance has been given, or the child has been well for 48 hrs. Any contagious childhood illness such as conjunctivitis, measles, chicken pox you are required to provide the centre with a medical certificate of clearance before the child can return.

During the pandemic, our policy can extend to 72 hours of being well before returning to the whare ako.
