What Do We Offer?

Planning for a school ball may seem a little daunting, so we want to help make this a fun and exciting process from beginning to end. We are more than capable of transforming our Main Floor from a classic gymnasium prom setting to a beautifully decked-out ball room.

The Main Floor has the ability to accommodate a school ball of around 200 to 800+ guests. We have ample space and high ceilings that will complement your creative visions, a spacious dance-floor for non-stop dance battles, and a stage suitable for a DJ and show-stopping sets.

Above all, we have experienced and competent event staff who are dedicated to work alongside you to help ensure you have a night to remember!
